Ahmed Sghayer

Front-End Developer

Motivated Front-End Developer and first-year Information Technology student at ISET Gafsa, with strong skills in HTML, CSS, and JavaScript and a solid foundation in SQL. Experienced in building personal web projects and interested in creating clean, user-focused web interfaces. Currently seeking internships, remote opportunities, and freelance projects to gain professional experience and grow toward Full-Stack Development.

Work experience

Arduino & Robotique

February 2020
Current

Gafsa

Participation à plusieurs projets en **robotique et Arduino**, avec la conception et la programmation de systèmes électroniques. Utilisation de **Arduino, C/C++ et différents capteurs** pour réaliser des projets pratiques, notamment une voiture robotisée. Cette expérience m'a permis de développer mes compétences en **programmation, électronique, résolution de problèmes et travail en équipe**.

- Managed technical debugging sessions to improve overall system stability.
- Authored detailed manuals for students to master basic robotic circuits.
- Developed robust firmware code to enhance hardware precision and speed.
- Engineered advanced sensor integration to optimise autonomous movement.
- Designed complex robotic systems using Arduino for industrial prototype.

Independent Web Developer

2023
Current

Personal Projects

- Developed personal web projects using HTML, CSS, and JavaScript.
- Designed and developed a hotel website as a personal project.
- Applied front-end development principles to create web interfaces.
- Continuously strengthened web development and problem-solving skills through self-directed practice.
